

# Loss and Damage Dialogues

## The Moral Case for Action

Wednesday June 28th

1200-1330 GMT | 1500-1630 EAT

1400-1530 CET | 1300 - 1430 BST

**Bringing together a diverse range of actors concerned with Loss and Damage, this online dialogue event seeks to continue the legacy of the African Climate Dialogues in 2022.**

Open to faith leaders, moral voices, religious and secular non-governmental organisations and experts, Loss and Damage Dialogues: The Moral Case for Action will take stock of progress on the issue, examine what needs to happen now, and publish a call ahead of COP28 driving up ambition for political action.

The event will include contributions from Lucy Espila (Caritas Africa), Ben Wilson (SCIAF), Fr Leonard Chiti SJ, Martin Krenn (KOO) and Paolo Conversi (Secretariat of State, Holy See), examining how we might finance Loss and Damage action, providing theological reflection on non-economic Loss & Damage and exploring how we can ensure Loss & Damage funding is accessible to communities.

**Register via Eventbrite**
